 - After you select **Add PAC Payment**, select your type of payment from the drop down list: **Visa, ACH or MasterCard**.
 - Enter required information.

Michigan Education Association Dues Authorization Form

What you need to know:

- MEA is moving to this system for dues deduction to comply with PA 53—recent legislation that prohibits school districts from using payroll deduction for your dues.
- This system is an easy, safe and secure way to collect dues. Many other states have already moved to a similar system.
- This dues authorization form represents an ongoing commitment. You will only have to complete the form one time.
- Because of changes in your salary or other situations (such as an MEA Representative Assembly action, an NEA Representative Assembly action, changes in local, Coordinating Council, or MABO dues), the amount of your dues deduction may vary over time.
- The amount pre-printed on your Dues Authorization Form is the amount of your current 2011-12 dues. The actual amount of dues deducted in the future will be adjusted based on salary, MEA Representative Assembly and NEA Representative Assembly actions or changes in local, Coordinating Council or MABO dues.
- Individual dues payments will be deducted in the fall of 2012. Your local association will receive notice before dues are deducted.

What you need to do:

1. Make sure the personal information is correct. Make any necessary changes on the form.
2. Complete the form by providing the correct banking or credit card information.
3. Be sure to sign and date the form.
4. Use this form to make your voluntary PAC contribution.
